

Fall Dress Goods

Three Very Special Values!

While we have received several lines of new Fall Dress Goods—yet here are three lines we want to speak of especially. We believe them to be the biggest values of any that we ever offered at the beginning of the season. They are every piece this Fall's production and cloths that have already been big sellers by the producers. It isn't necessary that we go into detail as to the conditions that made this offering possible—suffice to say we saved on the purchase from eleven to thirty-eight cents per yard—our saving is yours.

Line Number 1 You save exactly eleven cents per yard. This is a shadow stripe cloth, 36 inches wide and a splendid fabric for children's school dresses—comes in red, blue, green, brown and black, and would sell readily at 50c per yard, **39c Per Yard**

Line Number 2 You save 38c per yard on. This cloth is 56 inches wide (note the width) and is of a cheviot nature—the very latest fabric for Fall. It comes in solid colors with a sort of a chevron stripe and is strictly an all wool cloth. Shades are red, brown, black, blue and green. The price should have been \$1.38 per yard, **\$1.00 Per Yard**

Line Number 3 You save 31c per yard on. This is a 54-inch Worsted Panama. Made up in solid colors of black, brown green and red, with an uneven irregular thread running throughout the weave. For skirts and suits there isn't a more satisfactory cloth made today. Price should be \$1.50 per yard, **\$1.19 Per Yard**
